Dr. *Sacheverell's* New SPECTACLES FOR Dim-ſighted Chriſtians, OR, THE High-Church Looking-Glaſs.

With Directions how to make the ſaid Spectacles.

DR. *Henry Sacheverell* having lately had the Honour and wonderful Succeſs of Curing many wretched and miſerable People of *Blindneſs*, by his late Famous and Incomparable *Eye-Water*, has thought fit, for the Good and Benefit of Her Majeſty's Subjects, to invent a curious New Sort of *Spectacles*, ſo ingeniouſly contriv'd and calculated for the *Noſes of Low Churchmen*, and all manner of *Diſſenters*, that the like was never known in the Memory of any Man living: For if it ſo happens that the *Monſtrous Noſes* of ſome *Squint-Ey'd Whigs* ſhould ſwell bigger than ordinary, and thereby render the ſaid Inſtrument *too little* for their *extended Noſtrils*, there are *Springs* to open and ſhut, wider or narrower, as the *Weak-ſighted Patient* ſhall have occaſion; ſo that no *Oliverian* or *Calves-Head* Brother can have the leaſt *Pretence* in the World to refuſe ſo generous an offer to his *Defective Opticks*, unleſs they wilfully reſolve, like their *Rebellious Anceſtors*, to *Live* in *Factious Blindneſs*, and *Die* in *Knaviſh Ignorance*, Diſtempers *too common* among that Sort of *Grumbletonians*, who had rather be *Hang'd* for *Treaſon* and *Knaviſh Reſiſtance*, than give their *Vote* for *Loyalty* and *Paſſive-Obedience*.

But the *Spectacles* above-mention'd being rightly fix'd on the *Noſes* of the *worſt Fanaticks* in the World, being firſt well rubb'd and cleans'd with the *Powder* of *Good Senſe*, ſeparated from the *Dregs* of *Ambition* and *Vain-Glory*, as well as from the curſed Plague of *Self-Conceit*, *Hypocriſie*, *Malice* and *Ill Nature*; the *Dim-ſighted Animal* may ſee his own *Deformity*, and the *Churches Purity*; the *Whigs Malice*, and the *Tories Mercy*; the *Diſſenters Craft*, and the *Churchmens Charity*; the *Tubs Rottenneſs* and the *Pulpits Soundneſs*; the *Cloaks Knavery*, and the *Gowns Honeſty*; the *Mitres Unity*, and the *Caps Confuſion*; *Sacheverell's Reaſon*, and *De Foe's Railery*.

Through thoſe *Spiritual Glaſſes* you may alſo ſee *Religion* and *Loyalty* walking Hand in Hand peaceably to the *Church of England*, while *Popery* and *Fanaticiſm* are running headlong to the *Conventicle* for *Faction* and *Rebellion*. Here you may alſo view the *Loyal Party* Addreſſing their Queen to *Maintain* Her *Hereditary Title* to the *Crown*, while the *Whigs* are *labouring* Night and Day to prove Her Majeſty a *Q---n* of *Clouts*. Here you may ſee the *Review* Banter the Nation for Loyalty, and others Encouraging him for his Rogury. Lying promoted for *Conſcience Sake*, and Truth condemn'd for *Intereſt Sake*. *Reſiſtance* call'd *Loyalty, and Paſſive Obedience Treaſon*; All theſe and a Thouſand other Ridiculous Contradictions are as plainly diſcovered, by the aforeſaid *Spectacles*, as the Noſe of a Man's Face on which they are worn, ſo that if there are ſtill any of the *Drs.* Patienty whoſe *Eyes* are again become Dim and Clouded by the unwholſome *Miſts* and Noiſome *Fogs* of a *Whigiſh* Air, let them but wear theſe *Spectacles* of Reaſon and Loyalty two or three Days and the Factious Scales of Sedition and *Reſiſtance* will all from their *Eyes* and they will be clear ſighted in a Moment.

Directions how to make the ſaid *SPECTACLES*.

TAKE a good Quantity of *Serious Conſideration*, well Sifted from the Droſs and Filth of *Pride*, *Malice* and *Revenge*, mix'd up with ſome Grains of *Underſtanding*, well incorporated together with 4 Ounces of *Honeſt Loyalty*, and the like Quantity of *pure Devotion*, truely Purg'd from the ſullom Settlings of *Hypocriſie* and Dregs of *Sedition*, with 2 or 3 *Scruples* of real *Moderation* faithfully Purified from *Diſſembling Cant*, and *Extempore Non-ſenſe*. Put all theſe Ingredients into the *Veſſel* of *Chriſtianity*, and there Mould them into a True Shape with Innocent Hands of Friendſhip, adding to it the *Chriſtial Glaſs* of the *Goſpel of Peace*, and they are fit for uſe.
